PUBLIC NOTICE

RECALL ALERT -IWISA MABELE MAGEU PRODUCTS 1L & 500ML

The Ministry of Health hereby issues a recall notification regarding a food safety concern identified at a food retail shop in Mahalapye District affecting a specific batch of Iwisa Mabele Mageu (1L & 500ml) products.

This recall has been issued following the detection of a black, jelly-like foreign substance. The Ministry urges consumers not to consume the affected products. Kindly note that all other related products outside of the details indicated below, are unaffected and not part of this recall.

The affected products are as follows;

Product description	IWISA Mabele Mageu, 1L & 500ml
	Manufacturer date: 24 October 2025
	Best before date: 11 February 2026
	Batch number: IW RM3211
Reason for recall	Presence of a black jelly like foreign matter
Risk to human Health	Potential foodborne illness
Advice to the consumer	Consumers who bought the affected products should follow the following steps; • Step 1: Check the packaging of the product for the best before date ("BB ...") and Batch code. • Step 2: Do not consume the affected product. Return the affected product to where it was purchased for a full refund.
Advice to all retailers, wholesalers, distributors and suppliers	Remove and stop selling the above affected products with immediate effect and liaise with local authorities to take appropriate measures regarding the affected products.
Further information	For further information please contact Ministry of Health Public Relations Office at 3632500 or Nutrition and Food Control Division at 3632135/2263

The Ministry continues to monitor the situation and will take appropriate measures as may be necessary, in accordance with the Food Control (Food Safety Alerts and Recall Procedures) Regulation, SI 198 of 2018.

Thank you.
