PUBLIC NOTICE

RELOCATION OF INFECTIOUS DISEASES CONTROL CENTRE (IDCC) PHARMACY

Princess Marina Hospital (PMH) wishes to inform the general public that the Infectious Diseases Control Centre (IDCC) Pharmacy and Dispensary will be permanently relocated to the Main Hospital Pharmacy area.

This relocation will be effective starting 1st January 2026.

This move is part of an ongoing strategy to integrate pharmacy services across the hospital. The IDCC Pharmacy previously catered specifically to patients receiving Highly Active Antiretroviral Therapy (**HAART**).

Patients who previously collected their medication from the IDCC Pharmacy are advised to start using the Main Hospital Pharmacy Dispensary for all their prescription needs from the effective date.

We apologize for any inconvenience this transition may cause and appreciate your cooperation

Yours faithfully,

A handwritten signature in black ink, appearing to read 'Keemenao Sampisi', written over a horizontal line.

Keemenao Sampisi
